Technology and Electronics Fanatic | Soccer and Car Enthusiast

SUMMARY OF QUALIFICATIONS

Forward-Thinker dedicated to engineering technology-forward websites and applications that resonate with users, drive engagement, promote authentic interactions, and ultimately enhance the human experience.

Meticulous business strategist with a proven ability to grow sales and website traffic by augmenting business operations, establishing strong customer relationships, and incorporating emerging architectural approaches.

Engaging collaborator and thought partner who interfaces with colleagues, senior leadership, and clients to improve organizational processes and develop effective business solutions.

PROFESSIONAL DEVELOPMENT

Full-Stack Flex Boot Camp | University of California Los Angeles (UCLA Extension) | Los Angeles, CA 2023

- **SimpliGame:** Engineered a website complete with a search engine tool to provide users with a simplified and informational game resource comprising summaries, descriptions, and images.
- **Metal Mindz:** Built a social website for nationwide school robotics teams, enabling team collaboration, project sharing, and socializing – currently in MVP stage.
- **Notetaker:** Developed a visually focused app that allows users to organize and prioritize notes via color, font, and ordering features.
- **Upliftify AI:** Created a mental wellness app that provides inspirational quotes and advice depending on the user's emotions – in MVP stage, modifying AI features to be more intuitive.
- **The Calendar App:** Designed an app that allows users to easily organize daily projects, appointments, and deliverables with color-coded features as well as check-off points as tasks are completed.

Awards *Team Leader of the Week*, UCLA
Chief Scribe of the Month, Huntington Orthopedics

PROFESSIONAL EXPERIENCE

Full-Stack Web Developer & Business Sales Manager | Contract | Sun Valley, CA June 2022 – Present

Initially hired as Business Sales Manager and promoted to Full-Stack Web Developer.

- **Burbank Deli & Market:** Boosted business appeal and extended the company's web outreach by engineering a customer-centric website with a competitive pricing structure, balancing the firm's vision with customer targets.
- **Saddad AAA, Inc.:** Drove website engagement to 375 views and \$3K in sales daily by designing a client-focused website as well as streamlining business operations and securing accounts with third-party delivery services.

Medical Scribe | Huntington Orthopedics | Pasadena, CA June 2022 – Present

- **Record 160-200 patient visits weekly**, ensuring accurate summary and documentation of services rendered, conversations, and follow-up plans.
- **Reduced patient visit times by ~8 minutes and enabled physicians to see 10+ more patients weekly** by introducing a more systemized procedure for scribes to record patient visit notes and summary.
- **Awarded Chief Scribe of the Month** as a result of garnering a reputation for curating detailed summaries, collaborating effectively with physicians, and providing critical support.
